SHRAVYA G

+91 7358097528 | shravyagadupuri@gmail.com | linkedin.com/in/shravyag29

Computer Science graduate with experience across project coordination, AI automation, and machine learning. Skilled at bridging customers, product, and engineering to deliver technology solutions.

EXPERIENCE

Project Coordinator Intern — *KaarTech* Jul 2026 – Present

- Coordinate delivery of enterprise SAP engagements — tracking milestones, timelines, and cross-team communication.

Customer Success Engineer (AI Automation), Intern — *KaarTech* May 2026 – Jul 2026

- Onboarded enterprise SAP customers onto AI agents — configuring them to customer landscapes and presenting results to stakeholders.
- Led an AMS baseline assessment for a global manufacturing client: mapped monitoring coverage across BTP, IDoc, RFC, GRC and Solution Manager, and built the assessment framework and KPI reporting.
- Channelled customer issues and feedback into prioritised requirements for product and engineering.

Machine Learning Intern — *Spydx* Jun 2025 – Jul 2025

- Built and deployed ML solutions end to end, scoping requirements directly with client stakeholders.

Project Manager — *Wizoona* Aug 2024 – Oct 2024

- Led early-stage product delivery across UI/UX, prototyping and strategy with a cross-functional team.

Project Management Intern — *Foruppo* Jul 2024 – Oct 2024

- Coordinated delivery across distributed teams, tracking milestones and dependencies using collaborative planning tools.

Technical Support Engineer — *Sruthi Industrial Plastics* Sep 2023 – Present

- Automated manufacturing and inventory reporting, replacing manual tracking with data-driven dashboards.

PROJECTS

- **AI Voice Assistant (J.A.R.V.I.S.) —** Python assistant integrating NLP and APIs to automate search, email and reminders.
- **Heart Disease Prediction —** Classification pipeline; 90% accuracy using SVM across benchmarked algorithms.
- **Scoliosis Detection —** CNN on spine X-rays to support earlier diagnosis in medical imaging.
- **Number Plate Recognition —** YOLOv8 + EasyOCR pipeline for high-precision plate detection.
- **AI-Integrated Hospital Management System —** Scheduling, records and analytics modules for clinical workflows.

SKILLS

Delivery & Coordination: Project tracking, stakeholder management, requirements gathering, executive reporting

Enterprise & Data: SAP/ERP (AMS, WRICEF, BTP, IDoc, RFC, Solution Manager), Power BI, Tableau, Excel, SQL

Technical: Python, Django, REST APIs, Git/GitHub, ML & computer vision, Figma

EDUCATION

SRM Valliammai Engineering College — B.E. Computer Science, CGPA 8.8 Nov 2022 – May 2026

Chinmaya Vidyalaya, Annanagar — CBSE, 473/500 Apr 2010 – May 2022

CERTIFICATIONS & ACTIVITIES

- Enterprise Grade AI (IBM) · Data Analytics & Visualization (Accenture NA – Forage) · Data Science with Python (Great Learning) · Introduction to Data Analysis (Simplilearn)
- Coderizz Club — Event Organizer (Jun 2023 – Present)
- U&I Chennai — Volunteer (Nov 2022 – Jul 2023)
